

RESEARCH ASSISTANT PROFESSOR POSITION AVAILABLE
Area: Algorithm design, analysis, and implementation for massive data

Department of Computer Science and Engineering
Texas A&M University
College Station, TX 77843-3112

Postdoctoral positions at the level of Assistant Research Professor are available in the Department of Computer Science and Engineering at Texas A&M University, under the supervision of Prof. Jeffrey S. Vitter. Texas A&M is an equal opportunity employer. The position is for one year and can be extended for one or more additional years by mutual consent. Applicants must have clearly demonstrated experience and skills in algorithm design, analysis, and implementation. Familiarity with external memory algorithms, compressed data structures, data streams, and machine learning is a definite plus.

Responsibilities include research on Prof. Vitter's projects, interaction with colleagues and agency scientists, assistance on teaching and engagement activities, working with students, and preparing technical reports and research funding proposals.

Please send a letter of interest and your CV, and ask three evaluators to send letters of reference, by email, to

Ms. Kathy Waskom (k-waskom@tamu.edu), (979) 845-3535
ATTENTION: RESEARCH ASSISTANT PROFESSOR SEARCH

See Prof. Vitter's web page <http://www.cse.tamu.edu/people/faculty/vitter/> for more information. The position is currently available. Applications will be considered until the position is filled.
